

## LightUseLocations\_CWP-UGA\_NatlSurvey\_January\_2023

Note: DO use this form to gather geo-location data for each “light use” business if:

- the market is NOT connected to the electricity grid

AND

- the market has 5-30 shops/businesses

Do NOT use this form to gather geo-location data for each “light use” business if:

- the market is connected to the grid

OR

- the market has fewer than 5 or more than 30 shops/businesses

An estimate of the number of shops is fine.
